FLOOR DEBATE

March 11, 2004 LB 955

people who pay after the deadline to the full three years of statute of limitations, but on the date that they filed. We don't give them any extra time by pushing it out to the date of the extension. We do it on the date that they actually file. That's what the bill says after the committee amendments. It had more provisions in that originally, but we stripped those out. I would ask for the advancement of LB 955. And I would also take up the committee amendments at this time, Mr. Speaker, if there are no lights.

SENATOR CUDABACK: Senator Landis, you are recognized to take up those amendments.

SENATOR LANDIS: Thank you. There were other provisions in the bill. And it was essentially the other provisions of the bill that got us into the place where we had some controversy. And even though the Department of Revenue came in in favor of the bill, we did have testimony in opposition to the bill. We simply struck the other provisions that were in controversy, that didn't have the confidence of the committee. And I would ask for the adoption of the committee amendments, which leaves us to the public policy that I previously described in the opening. Thank you.

SENATOR CUDABACK: Thank you, Senator Landis. You've heard the opening on AM2365, which are the committee amendments to LB 955. Open for discussion on that motion by Senator Landis. There are no lights on, Senator Landis. He waives closing. The question before the body is adoption of AM2365, which is offered by the Revenue Committee. All in favor vote aye, opposed nay. We're voting on adoption of AM2365, offered by the Revenue Committee and Chairman of that committee, Senator Landis. Have you all voted who care to? Record please, Mr. Clerk.

ASSISTANT CLERK: 25 ayes, 0 nays on the adoption of committee amendments, Mr. President.

SENATOR CUDABACK: Committee amendments are adopted. Open for discussion on the advancement of the bill itself, LB 955. Senator Landis, there are no lights on. You may close if you care to.
